

PGA Golf Instruction available at Crystal Springs Quarry

For 2010, Crystal Springs Quarry will offer Individual and Group lessons through our two primary instructors, Steve Hausmann and JJ Bragg.

Steve Hausmann is a PGA Professional who most recently served a long tenure as Head Professional at Algonquin CC. He is excited to spend more of his time teaching now, and is looking forward to helping you improve your game.

JJ Bragg is a PGA Apprentice, and a mainstay of Crystal Springs Quarry Golf Center. He has an advanced degree in exercise physiology, and splits his time between golf instruction and personal training. JJ can focus strictly on your golf game, or he can also help with strength, flexibility and nutrition as well if you are interested in improving those areas.
